

Workshop Application Information

Please submit this form below to initiate your application to the Summer Workshop. After submitting this information, you will be contacted with instructions to continue the application. Please prepare the following materials:

1. Curriculum vitae
2. A faculty recommendation letter
3. A statement in English of about 500 words explaining your main research project. Be sure to explain not just what the subject is, but why the subject is interesting and deserves study.
4. A short video recording (maximum of two minutes) of self-introduction, in which you speak in English about your academic interests (including, but not necessarily limited to your main research project) and about why you would like to participate in the workshop. The video can be very simple—made with a smart phone or on a computer, using just the webcam or a free online recording site like Soapbox (which will allow you to include image or PPT slides).

* Required

1. **First Name:** *

2. **Last Name:** *

3. **University Affiliation:** *

4. **Department/Program:** *

5. **Graduate Student Year, if graduate student:**

6. **Month and Year of your PhD, if a postdoc or junior faculty**

7. **Email contact:** *

8. Mailing Address *
